1. In answer to the question posed in paragraph 2 of first reference, headquarters' views are as follows:

- a. The KINSA/VALUABLE Conference, Record of Agreed Action (enclosure 1 to second reference) clearly points out in paragraph 10 that "leaflets and timings of drops would be mutually discussed in advance in Athens or Rome as appropriate".
 - b. The "normal procedure" described in paragraph 1 of first reference, i.e., submission of the English version to OSMA in London and following up with copies of the leaflets ~~handing~~ after the raids, should be continued in order to keep headquarters apprised of VALUABLE operations, and to complete the record of leaflet raids maintained at headquarters.
2. We presume both procedures outlined above are acceptable to VALUABLE. Please inform us if the opposite is the case.
